Speaker:

Dr. Fay Betsou

Since July 2022, Dr. Fay Betsou is the Director of the Institut Pasteur Biological Resources Center (CRBIP). After her Ph.D. in molecular microbiology, Dr Betsou worked in the diagnostics industry on the development of molecular and immunological diagnostic tests in microbiology. She then became Head Laboratory Manager at a European biobank where she led the work bringing the biobank to ISO certification for all biobanking activities, including Quality Control and method validation. Before joining Institut Pasteur, Fay has been the Chief Scientific Officer at the Integrated Biobank of Luxembourg (IBBL) for ten years. With over 25 years of experience in molecular diagnostics, disease-oriented biobanking and biospecimen research, and 18 years of experience in biobank ISO certification and accreditation, Dr. Betsou holds 3 patents and is the author of 120 peer-reviewed publications, including many fundamental and experimental works on biospecimen research.
